Interdisziplinäres Forum zur Nacht.

Interdisciplinary discussions on night.

## Dark in the City:

## Urban informality at night

**Begoña Aramayona Quintana,**  
CICS.NOVA, University of Lisbon

In 'Fortress Europe', **policy-decisions** concerning the night (before and during the pandemic) are greatly affected by **nyctophobic narratives** around "darkness". In this talk, I will show that stigmatising public discourse and policies against 'urban informality' and precarious nocturnal workers – many of them racialised or global migrants – are based on (very old) **criminalising representations** of the racialised/gendered 'Others'.
